

Information about the speakers

Speaker Prof. Dr.-Ing. Yvonne-Christin Bartel

Vita Prof. Dr.-Ing. Yvonne-Christin Bartel studied architecture in Dortmund and Madrid. She worked in different departments of landscapearchitecture near by Cologne and Stuttgart and as a research assistant at the Leibniz University of Hannover during the following years. In 2012 she finished her conferral of a doctorate to the subject „global stability of pitched green roofs“. Since September of 2012 she has a professorship at the University of Applied Sciences Ostwestfalen-Lippe mainly teaching at the Bachelor Degree Programme Landscaping and Green Space Management. Her main courses are „Soils, soilworking and substrates“, “Earth moving, earth mass calculation and accounting”, “Rainwater management” and „Surveying technology“. For many years she has been working for several boards of the FLL, for example at the RWA of the „Green Roofing Guideline“. Since March 2016 she is a member of the presidential board of the FLL.
