

Information about the speakers

Speaker Yan Ling Lok

Vita Yan Ling is a Senior Manager of Skyrise Greenery at the National Parks Board (NParks), Singapore.
At NParks, she actively creates awareness of skyrise greening among the various stakeholders through outreach activities and administers a scheme that incentivises building owners to integrate greenery on their facades.
Graduated from the National University of Singapore with a Bachelor of Social Sciences (Hon.) majoring in Geography and minoring in Geographic Information Systems, she is constantly exploring new digital and non-digital avenues to increase the skyrise greenery footprint in Singapore and facilitate research on current standards to improve and keep up to date with recent global trends.
Being an urban gardener herself, Yan Ling surrounds herself with greenery by growing a myriad of plants on her high-rise balcony at home, doing her part as an individual to contribute towards skyrise greening in Singapore.
